Labor: \$ _____

Total: \$ _____

90-Day Workmanship Warranty: R&B Metal Structures warrants that the structure will be free from any and all defects in workmanship 90 days from the date of installation.

1 Year Door and Window Warranty: R&B Metal Structures guarantees that all doors and windows will work as designed for a period of one year from the date of installation.

1 Year Roof Leak Warranty: R&B Metal Structures warrants the building to be free from leaks originating at the roof for one year after installation.

20 Year Warranty: From the date of installation, the structure will carry a 20-year rust through warranty. This warranty shall be expressly limited to framing elements and roofing materials (normal user care and maintenance are required by the buyer).

40 Year Warranty (Upgraded purchase required): Roof panels carry a 40 year chalk and fade resistant warranty from the date of installation. This warranty is limited to chalk and fading of roofing materials (normal user care and maintenance required by the buyer).

Further conditions may apply - visit our website or contact us to find out more

CERTIFIED

All of our buildings are constructed to withstand weather conditions of up to 140 MPH winds and 30 PSF snow loads, with options of 150 MPH certification available.

Engineering drawings are also available upon request.
